Telisca,

Store 6519's prescription count is trending up 130% year over year. We need to adjust them again to compensate for this. We have looked at their movement and this is all legit. I think we should give them an additional 20% this month.

Also, 465 is up over 30% vs last year so we need to give them a bump of about 20% this year on the hydrocodone.

Store 6537 is brand new and is already doing 1200 scripts. Lets give them an additional 20% also.

It is the new stores especially that are going to continually need to be increased.

Thanks

Greg

The list, by the way, is a long one. << File: CSMP Threshold Warning Report.txt >>
I need a reason to go in and bump all those stores thresholds. They are all purchasing at well past their historic trends or they would not be on the report. The question is why and until it is answered the response should not just be going in and changing their thresholds to keep them off the report. (especially if it is a knee-jerk reaction to the issues out of Conroe and Lakeland)
I am at 740 636 3540 this week.

All,

Please see below email from Greg at Giant Eagle. I am following-up for Sabrina as she is out of the office this week and I'm not sure who the appropriate DRA is for Giant Eagle.

They are requesting a 15% increase on all DEA base codes for July for the following store due to a recent acquisition that has increased their dispensing.

Please let me know if this can be done and what is needed from me.

Store #465
Acct #037772

Importance: High

Sabrina,
Store 465 just had a large acquisition which has really increased their dispensing and they are now maxing out on their Oxycodone and other limits. Based on this volume surge, can we increase all of their limits by 15% for July? I realize everything will start over tomorrow, but I do not want them maxing out at the end of July again.

Also, this is always going to be a problem going forward so I would like to put a process in place for each acquisition we do. Adrienne Anthony is in charge of our acquisitions team and I would like her to be able to email you and cc Don and myself to alert you to raise an acquisition store's limits a week before the acquisition. This will be a proactive way to avoid any out of stocks for our customers.

7/1/2009

Let me know if we can do this going forward.

Thanks
Greg
